

Stardom[®]
The Complete Housing System

BLINDS & CURTAINS

Collection 2026

CUSTOM MADE | MEASURED | PROFESSIONALLY INSTALLED

ROCKHAMPTON & CENTRAL QUEENSLAND

Light control. Privacy. Comfort.

A focused collection of custom roller blinds and S-fold curtains selected for strong Queensland sun, contemporary Australian interiors and everyday ease of use.

01

ROLLER BLINDS

Sunscreen, light-filtering and blackout options for precise daily control.

02

S-FOLD CURTAINS

Soft architectural folds in sheer, room-darkening and blackout fabrics.

03

LAYERED SYSTEMS

Double rollers and dual-track curtains for day-to-night flexibility.

04

MOTORISATION

Cordless convenience with remote, schedule and smart-home upgrade paths.

FREE MEASURE IN ROCKHAMPTON

PROFESSIONAL INSTALLATION

UP TO 20 CORE SKUS

DAY + NIGHT CONTROL

Clean lines. Serious performance.

Choose sunscreen for daytime glare and UV control, light-filtering for softened privacy, or blackout for bedrooms and media rooms. All blinds are made to final site measurements.

SUNSCREEN FROM

\$220

MANUAL CHAIN

MOTOR READY

CUSTOM WIDTH

Three fabrics. One refined system.

RB-SUN-01

SUNSCREEN ROLLER

From \$220 installed

- Open-weave solar fabric
- Reduces glare and UV exposure
- Daytime outward visibility
- Living rooms, offices, west-facing glazing

RB-LF-01

LIGHT-FILTERING ROLLER

Quote on request

- Soft translucent privacy fabric
- Diffuses bright sunlight
- Balanced daytime privacy
- Kitchens, bathrooms and shared spaces

RB-BO-01

BLOCKOUT ROLLER

From \$260 installed

- Coated blackout fabric
- Strong night privacy
- Improved thermal comfort
- Bedrooms, nurseries and media rooms

Double Roller System

RB-DB-01

Sunscreen + Blockout

INSTALLED FROM
\$440

Two independent blinds share one compact bracket. Keep the sunscreen down during the day, then lower the blockout layer at night for privacy and darkness.

BEST FOR

Living areas, master bedrooms, home offices

CONTROLS

Manual chain or motorised upgrade

MOUNTING

Recess fit or face fit, subject to site check

OPTIONS

Matching bottom rails, pelmets and linked blinds

S-Fold Sheer Curtains

CT-SH-01

Soft daylight, architectural flow

INSTALLED FROM

\$450

Even wave folds soften large windows and sliding doors while preserving natural light. Ceiling mounting creates a taller, more resolved interior.

HEADING

S-fold / wave heading

TRACK

White or black aluminium track

DROP

Floor-skimming, touching or puddled

OPERATION

Wand draw or motorised track

S-Fold Blockout Curtains

CT-BO-01

Privacy, quiet and restful darkness

INSTALLED FROM

\$560

Dense room-darkening or blockout fabrics bring softness and thermal comfort to bedrooms, media spaces and street-facing rooms.

FABRIC

Room-darkening or coated blockout

COVERAGE

Wall-to-wall and ceiling-to-floor recommended

STACKING

Left, right, centre-opening or split stack

OPTION

Matching pelmet or recessed track detail

Dual-Track Curtain System

CT-DL-01

The complete day-to-night solution

INSTALLED FROM

\$890

A sheer front layer filters daylight; a separate blockout layer closes for privacy, sleep and temperature control. Our signature showroom combination.

SHEER BY DAY

BLOCKOUT BY NIGHT

MOTOR READY

Recommended for living rooms, master bedrooms and wide sliding doors.

Motorisation & Smart Control

Quiet. Cordless. Effortless.

STANDARD MOTOR FROM

+\$320

Add wire-free motorisation to a new roller blind, or specify a motorised track for S-fold curtains. Ideal for wide glazing, hard-to-reach windows and connected homes.

STANDARD

Rechargeable motor + basic remote

PREMIUM

Somfy upgrade from \$480-\$550

SMART HUB

App and voice-control pathway from \$180-\$280

SAFETY

Cordless operation for child-safe convenience

Final compatibility, remote quantity, wiring and hub requirements are confirmed at quotation.

Colours, Tracks & Finishing Details

A concise, coordinated palette

The collection is intentionally edited to suit contemporary Australian interiors. Final colour approval is always made from a physical sample in the project lighting.
